EMERGENCY PROCEDURES

The individual teacher addresses these procedures. Inappropriate behavior by a student during an emergency or emergency drill will result in disciplinary action.

EXTRA CURRICULAR ACTIVITIES

Students are encouraged to participate in clubs and school activities. Students in these activities represent NDHS and are governed by FHSAA, district policies, guidelines developed at NDHS, the Good Citizenship Code of Conduct, and minimum 2.5 grade point average requirements. All extra-curricular activities at New Dimensions High School, including all elected officers or student council, classes, and clubs are governed by the *New Dimensions High School Good Citizenship Code of Conduct*.

FIELD TRIPS

Field trips are planned activities outside the regular class setting. Students are representing NDHS away from regular classes. While on a field trip, all school rules apply. Arrangements for makeup work must be done in advance using the pre-arranged field trip form (from teacher sponsor). All teachers of a student wanting to attend a field trip must grant permission before a student may participate in a field trip. ***All students participating in a field trip are required to wear an NDHS school polo shirt.***

GOOD CITIZENSHIP CODE of CONDUCT

New Dimensions High School is proud of its tradition of excellence in academics and athletics. We try to develop the whole person. Therefore, the administrators, coaches, and sponsors are concerned that all our participating students fully understand and agree to abide by the rules set forth in the *New Dimensions High School Good Citizenship Code of Conduct*.

In the event a student fails to comply with these high standards it shall be interpreted as an indication that the student does not have sufficient desire to participate in the chosen extra-curricular program. Failure to comply with this code may result in the temporary or permanent suspension from all extra-curricular activities.

New Dimensions High School invites all students who possess the ability, attitude, co-operative spirit, and desire to fully represent their school and community to become participating members of the many extra-curricular activities offered at our school. If, however, you feel these rules are too demanding, the price is too great, the personal rights infringed upon too much by these demands, please refrain from participating.

Finally, it is important to understand that these rules, in the New Dimensions High School Good Citizenship Code of Conduct, are guidelines that outline the standard of behavior we expect from all students, but especially from those we acknowledge to be our leaders. We must also remind all candidates and parents that the New Dimensions High School Good Citizenship Code of Conduct is in addition to and not a replacement for the standards of behavior that will be enforced at school. This guide will not take the place of any disciplinary action taken by the school for infractions that govern the normal course of student behavior at school. The penalties mentioned in this guideline will be administered in addition to appropriate disciplinary action for violations that occur while at school, during school related activities or

during any kind of function sponsored by the school, either on the campus or away from it.

Academic Requirements – Grade Point Average

All students participating in activities governed by NDHS Good Citizenship Code of Conduct must maintain a 2.5 grade point average as Freshman, Sophomores, Juniors, and Seniors on a 4.0 scale or its equivalent for each grading period.

Scholastic Requirements – Previous School Year

A student who failed to pass eight (8) full unit subjects the previous school year, six of which must have been passed with the class on first attempt shall have been met before the opening of the competition during the first grading period of the current year.

Scholastic Requirements – Current School Year

A student who was ineligible because of his/her previous school year's record at the beginning of the school year may not become eligible until the end of the first grading period. His/her eligibility for the second grading period shall depend upon his/her scholastic record for the first grading period. A student's eligibility for each succeeding grading period shall depend on his/her scholastic record for the preceding grading period. To be eligible during any grading period, a student must have a passing grade in each of four unit subjects for the grading period just closed.

Progressing Satisfactorily Toward Graduation

The participant must maintain sufficient subject grades to progress satisfactorily toward graduation. The administration of New Dimensions High School has the authority to utilize probation or suspension of a student's eligibility whenever the student is showing unsatisfactory progress in his/her subjects. This may be done even though the student is passing his/her subjects. For example, failing two subjects or making all D's is not progressing satisfactorily toward graduation.

Limit of Eligibility

The limit of eligibility for each student shall be three consecutive years from the time the student enters the tenth grade. Three years from the date he/she enters the tenth grade, he/she shall become ineligible for further activity participation. A student may participate in school activities covered by this Good Citizenship Code of Conduct only one year as a ninth grader.

Attendance Requirements

It is a policy at New Dimensions High School that all participants in interscholastic competitive/performance events must attend at least one half of their classes on the day of the event. If there are circumstances that would prevent this, then the parents must call the Activities Director's office for a ruling on the matter.

Tobacco

Students who are in possession of or using tobacco in any form shall be in violation of the Good Citizenship Code of Conduct of New Dimensions High School. If a violation of the Good Citizenship Code of Conduct for possession or use of tobacco occurs, then the following guidelines will be enforced:

First Offense

The participant will be suspended from participation in all extracurricular activity events for a period of seven (7) days, or sit out the next scheduled event if none is scheduled during that seven-day period. The first event does not carry with it a suspension from practice, but from competitive events or evening performances. The seven (7) calendar day period will apply regardless of the date of violation. This would include a carry-over of the punishment to the next activity immediately following the violation of the Good Citizenship Code of Conduct. Therefore, the participant would not be allowed to participate in competitive events for the seven (7) calendar days of the upcoming activity or the first game of the next activity if no event is scheduled during that seven (7) day period. A first offense violation will result in the loss of at least one (1) competition, activity, or performance. Students, who are in leadership positions, could jeopardize that leadership role upon a first offense violation.

Second Offense

The second offense of the Good Citizenship Code of Conduct as it relates to possession or use of tobacco shall be suspension from participation in all extracurricular activity events for a period of fourteen (14) calendar days. The second offense carries with it mandatory suspension from practice and from competitive events or evening performances. The fourteen (14) calendar day period will apply regardless of the date of violation. This would include a carry-over of the punishment to the next activity immediately following the violation of the Good Citizenship Code of Conduct in the same manner as the first offense violators. Therefore, the participant would not be allowed to participate in practice or competitive events for the first fourteen (14) calendar days of the upcoming activity. A second offense violation will result in the loss of at least two (2) competitions, activities, or performances.

Third offense

The third offense for a violation of the Good Citizenship Code of Conduct as it relates to possession or use of the tobacco shall be forfeiture of activity eligibility of the student. At the conclusion of the activity where the third offense occurred, the student may apply for reinstatement of activity eligibility with Activities Director. There shall be no expressed or implied right that the student will regain his/her eligibility status.

In presence of, but a non-participant

A student who is in presence of, but a non-participant in a violation of the Good Citizenship Code of Conduct as it relates to the possession or use of tobacco will result in a probation of that individual for a period of fourteen (14) calendar days,

with the understanding that any infraction within that time will result in the individual receiving the punishment which coincides with that of a first-time offender.

Alcohol and Drug Use

Students who are associated with, in possession of, dispensing, using or under the influence of alcoholic beverages or illegal substance, of any kind, shall be in violation of the code of conduct of NDHS. When a student places himself/herself in a position that he/she is at private parties or social gatherings where alcohol or drugs are being used illegally, the student places himself/herself under the Good Citizenship Code of Conduct by being associated with the illegal use of alcohol or drugs. If a violation of the Good Citizenship Code of Conduct occurs, then the following guidelines will be enforced:

1. First offense

The participant will be suspended from participation in all extracurricular activity events for a period of fourteen (14) days. The first offense does not carry suspension from practice, but from competitive activities or evening performances. The fourteen (14) calendar-day period will apply regardless of the date of the violation. This would include a carry-over of the punishment to the next activity immediately following the violation of the code of conduct. Therefore, the participant would not be allowed to participate in the competitive events for the first fourteen (14) calendar days of the upcoming activity. A first offense violation will result in the loss of at least one (1) competition, activity, or performance.

2. Second offense

The second offense for a violation of the code of conduct as it relates to alcohol and drug use shall be the forfeiture of activity eligibility of the student. At the conclusion of the activity where the second offense occurred, the student may apply for reinstatement of activity eligibility with the School Director. There shall be no expressed or implied right that the student will regain his/her eligibility status.

O.S.S.

Any student receiving OSS for whatever reason will automatically be suspended from any activity during that time and/or for the next event immediately following. Let it be very clear that misbehavior in the classroom or during the school day will not be tolerated.

Felony Charge

Any student who is formally charged with a felony by a proper prosecuting attorney shall be suspended from participation in all activities until the determination of his/her guilt or innocence, or the dismissal of the charges. If the student is adjudicated guilty of the felony, then he/she shall permanently lose his/her eligibility. The student may however, after a one (1) year period, be allowed to file an appeal, through the Activities Director, for the reinstatement of eligibility providing that he/she has fulfilled their requirements for restitution and if they have

any eligibility left. There shall be no expressed or implied right that the student will regain his/her eligibility status.

Quitting the Team

If at any time a student fails to complete the present activity that they are participating in or quits the team, he/she may not participate in any other activity, whether it is the next activity or going on at the same time. The only exception to this rule is if a participant was cut from one activity then he/she may go on to the next with no penalty.

Due Process & Right of Appeal

- A. The Activities Director will inform the participant that a violation of the code of conduct may have occurred. The purpose of this meeting is to gather information prior to official administrative action.
- B. If the Activities Director determines that a violation of the Good Citizenship Code of Conduct has occurred, the Director will affect the appropriate discipline per the code of conduct.
- C. The parent will be notified in writing of the Good Citizenship Code of Conduct violation and the appropriate discipline per the Good Citizenship Code of Conduct.

Supervision and Use of Facility

Students are not allowed to use any facility or equipment on the campus of New Dimensions High School without proper supervision by a teacher, coach, or sponsor.

School Property and Equipment

Students are responsible for all uniforms and equipment issued to them that is the property of NDHS. At the end of each season or activity, students are to return all uniforms and equipment to their teacher, coach, or sponsor whichever applies. Any uniform or equipment lost or damaged will be the final responsibility of the student, and the student will not be permitted to participate in any other activity, attend any banquet, receive and awards, or in the case of a senior, be allowed to graduate until this obligation is taken care of.

GRADE POINT AVERAGE

Grade point averages are calculated to be used for various purposes. Colleges and universities request them quite often. All classes and accompanying grades are used when calculating GPA's. Class rank is determined using a Pacer (5) point

system. These additional point values are added to certain advanced and honors courses to encourage students to take more difficult courses. Pacer points are used only in calculating rank in class. Grade Point Average (GPA) used for eligibility does not use Pacer points. The State of Florida requires a student to have a minimum 2.0 GPA to progress to the next grade level. The Academic Expectation is that NDHS students maintain a minimum of 2.5. Failure to do so will result in ACADEMIC PROBATION and revocation of enrollment.

GRADUATION / CREDIT REQUIREMENTS

No student will take part in the graduation ceremony unless all requirements for graduation have been met, **including passing the FSA and any EOC tests that pertain.** Students need a minimum of 30 credits, a GPA of at least 2.0 and the passing of the FSA test. No student on the debt list will take part in the graduation ceremony.

Students need the following number of credits in order to be classified under each grade level beginning with:

- Less than 8 credits = 9th Grade
- 8 - 16 credits = 10th Grade
- 16 - 24 credits = 11th Grade
- 24 - 32 credits = 12th Grade

GRADUATION PROGRAMS

Florida students may choose from three graduation programs:

- The three-year college preparatory program
- The three-year career preparatory program.

The number of credits within the College Preparatory Program aligns with the minimum standards for admission into Florida's state university system, while the Career Preparatory Program requirements are aimed toward entrance into a technical center or community college. Students may still pursue a college preparatory or career preparatory within the four-year 30 credit Standard Program. Regardless of which option you choose, your child still must earn a passing score on the 10th grade FSA, Alg 1 EOC, and achieve a cumulative grade point average of 2.0 on a 4.0 scale to earn a standard diploma.

To select a three-year program, a student must have achieved at least a level 3 score or higher on their most recent FSA reading, math and writing tests. Students must select their graduation program by the end of their 9th grade year.

explanation. Any violations by the student or parent/guardian may result in removal from NDHS course(s), as well as other disciplinary or legal action.

OUT-OF-SCHOOL-SUSPENSION (OSS)

OSS is a more severe disciplinary disposition in which students are NOT allowed to attend school, any extra-curricular activity or be on school grounds during the duration of the OSS.
